Felicia C. @ 06/09/2020 09:45 AM:
Thank you for contacting Code Control.

Dear American Standard International School,

Regarding your inquiry:

Please note that College Board school code 651007 has been assigned to American Standard International School.
The name, address, and code number assigned to your institution will be entered in the National Secondary School List as noted below:

651007
American Standard Internation al School
PLOT #20B ROAD #79/82 GUSLHAN -2

DHAKA 1212

BANGLADESH

The Level II code assigned to your school allows you to receive students' scores for AP, PSAT/NMSQT, SAT, and ACT and to administer AP, PSAT/NMSQT, SAT and ACT. Additionally, a code allows you to participate in AP Course Audit, to request College Board accommodations for students with disabilities and to receive SAT and ACT publications.

Please advise your students to use this number when registering for either the SAT Program or the ACT Assessment. Let your students know that if they do not use the correct code number, copies of their score report will not be sent to you.

If any of your students have submitted Registration Forms before the above date, the code number will show as invalid on their Admission Ticket. If corrections are needed, advise your students to complete the correction form attached to their admission ticket and mail it prior to the test date they have been assigned.

We have provided the below link for your convenience. Please refer to the Testing Basics tab for additional information about the SAT, PSAT/NMSQT, and Advanced Placement testing programs.
